Additional Reading: Students are expected to read all additional professional materials (i.e., handouts, journal articles, websites, etc.) that may be assigned by the instructor during the course.

V. REQUIREMENTS

A. Weekly Assignments

1. Reading

Read the assigned textbook selection based on the reading schedule provided in the Tentative class schedule. Reading the text thoroughly will provide a context for class discussion and activities. Reflection questions will further support your understanding of the material.

To accomplish all of our leaning goals, you will need to be engaged in learning outside of the classroom. You will be expected to read the text and any assigned articles. *While we will be reviewing some of the concepts from the text in class, we will simply not have enough time to cover everything. The more you read now, the better prepared you will be for your future classrooms!*

2. Reading Quizzes

Reading reflection quizzes are posted in CENGAGE for each chapter. Quizzes will be linked in CANVAS through CENGAGE to verify assigned reading and comprehension.

3. Cengage Activities & Video responses

Each chapter in the textbook will include some video activities or scenario activities based upon the material in the chapter. Students will access these activities through CANVAS and CENGAGE.

4. Educator Preparation Program Handbook

The goal of the Teacher Education department at Calvary is to properly prepare students to become qualified to become Missouri State certified teachers. There are many steps involved in certification and many aspects of both intellectual and character development that will be required of all students in the Education Preparation Program. This class will introduce students to those steps and provide details in the department handbook. Each student will be expected to complete a reading quiz for the handbook.

B. Assignments & Projects

1. **The Why of Teaching** — Understanding the **motivation** behind your desire to pursue a teaching degree is crucial to your success. Read the textbook section entitled, *So Let's Get Started* (cf., p. xxii - xxv). Compose an essay of 1,500 words that answers questions 1-4 with meaningful reflection. Demonstrate a strong understanding of appropriate grammar and writing techniques using the APA format including cover page, headings and paragraph structure. Submit this paper through CANVAS as a file upload.
2. **Teachers in the Movies**—The media presents many different views of teaching and the challenges that teachers overcome to make a difference in the lives of students. Watch a movie from the recommended list and write an 800-word reflection paper. Provide a brief synopsis guided by the following questions:
 - What did the teacher do to help the students overcome their challenges?
 - What character traits did the teacher demonstrate that enabled them to be effective in the classroom?
 - What stereotypes did the movie portray?
 - Do you feel the movie accurately portrayed the teaching experience?

Submit this paper to Turnitin with a similarity score of less than 20% and upload into CANVAS. Review the grammar checking function of Turnitin.

3. **The Master Teacher**— Consider the teaching ministry of Jesus including His parables, teachings, and interactions with his disciples as well as other individuals who sought Him out. Compose an essay of 1,500 words that presents Him as the Master Teacher. This paper must be uploaded to Turnitin with a similarity score of less than 20%. You will need to include a thesis statement and demonstrate understanding that links His example to your future teaching ideas. Include at least 3 Biblical references and 2 other reference sources. **Do not quote sources verbatim.** *Review the Turnitin feedback for plagiarism and grammar concerns.*
4. **Listen & Learn** — Experienced teachers offer a wealth of tips and that go far beyond what can be covered in a methods course or textbook. For this assignment, you will interview a teacher and write a 600-word reflection of what you learned. Students should interview a teacher who is currently teaching in the field they plan to pursue certification: elementary, secondary or music education. Use the following questions as a guide but include some of your own as well.
 - What types of activities does the teacher use to promote student engagement?
 - What personality traits or techniques does the teacher practice that enables them to be more effective?
 - How does use of tone of voice support the management of the classroom?
 - What advice would you give to one who is beginning the journey toward becoming an educator?
5. **Student Demographics—Who are today’s students?** Classrooms in the educational setting are diverse and differentiated. Teachers must learn to adapt their teaching strategies and approaches based upon the needs of their students. Research three different geographic settings to compare the statistics for students in the classroom and the influence of the community within the school system. Write a 1,000 word reflection on your findings with citations. Include pie charts or other graphs to communicate the findings visually as well as with the written report. This assignment will be submitted to Turnitin with a similarity score of less than 20%.
6. **Teacher Standards & Professionalism**—The State of Missouri and Calvary University set high standards for educator preparation. There are 9 standards set forth by the Department of Education for the State with specific actions and evidence items required for each standard. Students entering the program should have a general overview of the standards so that they know how to structure their learning to support their goals. After reviewing the standards, create a graphic representation that highlights each of the 9 standards.
7. **Book Review**—Teachers should be readers. There are many amazing resources that highlight many different aspects of the world of education. Each student will meet with the instructor to select a book based upon individual interests and degree

focus. Students will read the book (a minimum of 150 pages) and prepare a Powerpoint presentation to share their findings with the class.

The grading scale listed in the current University Catalog will be used for this course.

VII. COURSE POLICIES

Students in the Teacher Education Department at Calvary University are also to abide by the policies listed in the Educator Preparation Program Handbook.

A. Grade Requirements

Education majors must maintain a high standard for GPAs to successfully complete their program. Education majors must maintain a 2.75 cumulative GPA as well as a 3.0 GPA in Professional Education and Content Area coursework. ***This course must be passed with a grade of “C” or higher depending on the student’s GPA in Professional and Content Area courses. Receiving a grade lower than a “C” will mean that this course must be repeated.***

B. The Bible as Required Textbook

The Bible is a required textbook in every course at Calvary University. To facilitate academic level study, students are required to use for assignments and research an English translation or version of the Bible based on formal equivalence (*meaning that the translation is generally word-for-word from the original languages*), including any of the following: New American Standard (NASB), English Standard Version (ESV), New King James (NKJV), or King James (KJV). Other translations and versions based on dynamic equivalence (*paraphrases and thought-for-thought translations like NLT and NIV*) may be used as supplemental sources. Please ask the professor if you have questions about a particular translation or version.

C. Academic Honesty

Plagiarism is defined as copying any part of a book or paper without identifying the author. This also includes taking another person's ideas and presenting them as your own. All papers must be submitted in APA format and submitted to Turnitin prior to uploading onto Canvas.

D. Academic Activity & Participation

Students learn best when they take an active part in the learning process. Students will be expected to engage in the material presented weekly and be able to summarize the content to meet learning objectives. Punctuality is expected out of professional courtesy and to minimize the disruption of the classroom dynamics.

E. Technology

Using technology to enhance the learning experience is an integral part of this course. However, technology can also cause distraction and inattentiveness. Cell phones should be set to silent and placed on the table or in a backpack/purse. ***Working on other assignments during class or using electronic devices for anything other than class activities or taking notes for the course will not be permitted.***

F. Accommodations Statement

Students with disabilities have the responsibility of informing the Accommodations Support Coordinator (aso@calvary.edu) of any disabling condition that may require support.

G. Style Guide

All class papers must follow the APA style guide according to *Publication Manual of the American Psychological Association*, 7th edition.

H. The Clark Academic Center

The Clark Academic Center (learning@calvary.edu), located in the library building, is dedicated to providing free academic assistance for all Calvary University students. CAC assists with all facets of the writing process, tutors in various subject areas,

prepares students for exams, facilitates with time management options and proctors tests. Please take advantage of this service.

***About Changes to this Syllabus:** The instructor reserves the right to make changes to this syllabus at any time during the course, but any change made will only be done after clearly communicating the need for the change and the specific change to be made via in-class announcement and Canvas announcement.*
