If you are intending to use the CAC, please e-mail the appropriate questions to the Learning Center **well in advance** according to the Accountability Schedule.

The purpose of this option is to help with *form, grammar, and clarity*. The Learning Center *will not* and *should not* help extensively with formulating content or with the actual writing of the paper. Again, do not come to the Learning Center for your appointment with anything less than a *completed* and *proofed* paper. **Remember: The Learning Center is doing you a great service. Poor planning on your part does not constitute an emergency on their part.**

This is a Final Senior Project and **must be your best work**. It is the culmination of your counseling classes and counseling knowledge. Only *high-quality* work should be submitted. There can be *no* grammatical, spelling errors, etc., within this paper. The

V. MATERIALS

A. Required Textbooks

The Bible is a required textbook in every course at Calvary University. To facilitate academic level study, students are required to use for assignments and research an English translation or version of the Bible based on formal equivalence (*meaning that the translation is generally word-for-word from the original languages*), including any of the following: New American Standard (NASB), English Standard Version (ESV), New King James (NKJV), or King James (KJV). Other translations and versions based on dynamic equivalence (*paraphrases, and thought-for-thought translations like NLT and NIV*) may be used as supplemental sources. Please ask the professor if you have questions about a particular translation or version.

Note: It is your responsibility as a student at Calvary University to have your textbooks *before* class begins so that you are able to complete all of the readings assigned. Please make sure that you have all of your assigned textbooks prior to the start of class. Failure to have your assigned textbooks at the start of the class will result in a zero in every assignment that is not completed.

B. Research data plus all theology and counseling class notes.

Disabilities

Students with disabilities have the responsibility of informing the Accommodations Support Coordinator (aso@calvary.edu) of any disabling condition that may require support.

Academic Dishonesty

Note: Plagiarism is defined as copying any part of a book or paper without identifying the author. This also includes taking another person's ideas and presenting them as your own.

Writing Style

This project must follow the APA style according to *the Publication Manual of the American Psychological Association 7th edition*.

Late Projects

This project and the assignment associated with it are due at the period assigned. Unless under extreme circumstances, which will be determined at the discretion of the instructor, **no late work will be accepted**.

C. Course Participation

As an institution, Calvary University does not take attendance. However, for purposes of the Carnegie Unit Worksheet, in-class attendance may be classified as

an academic activity. If a professor considers in-class attendance as part of a course's grade structure, this policy should be clearly stated on the syllabus.

NOTE: When completing your Senior Project please make sure that submit the assignments that are designated on Canvas every week for course participation. Failure to consistently check-in with your assignments from your Senior Project may result in you being administratively dropped from the Senior Project course. Assignments that also may have a point value, if they are not submitted, may also affect our overall grade in the course.

Elder X believes that his use of pornography is affecting his relationships with his wife, children, and members of the church. In addition to the presenting problem stated above, you have also been approached by another member of the church's elders (elder Y), who wanted to know if you were counseling elder X and if so, what the details were regarding the treatment. Elder Y stated that he is concerned for elder X and wants to make sure he is praying appropriately and supporting him.
