COURSE DESCRIPTION

This course examines the biblical philosophy and worldview focusing on the four components of epistemology, metaphysics, ethics, and socio-political thought. Students will learn how to discover the biblical worldview through doing exegesis and biblical theology. Students will learn the biblical worldview of history, science, the arts, ethics, sex and marriage, law, and government. Students will critique religious and secular worldview by the Bible.

**This course is offered in two formats: in-person and online. Students registered for in-person attend the classes in person, online students attend the classes via the online classroom. For both in-person and online students, assignments and interaction outside of the class period are done in the learning management system.*

REQUIRED MATERIALS

The Bible is a required textbook in every course at Calvary University. To facilitate academic level study, students are required to use for assignments and research an English translation or version of the Bible based on formal equivalence (*meaning that the translation is generally word-for-word from the original languages*), including any of the following: New American Standard (NASB), English Standard Version (ESV), New King James (NKJV), or King James (KJV). Other translations and versions based on dynamic equivalence (*paraphrases, and thought-for-thought translations like NLT and NIV*) may be used as supplemental sources. Please ask the professor if you have questions about a particular translation or version.

HELP FOR STUDENTS

Students with disabilities have the responsibility of informing the Accommodations Support Coordinator (aso@calvary.edu) of any disabling condition that may requires support.

The Clark Academic Center (learning@calvary.edu) is dedicated to providing free academic assistance for all Calvary University students. Student tutors aid with all facets of the writing process, tutor in various subject areas, prepare students for exams, and facilitate tests. Please take advantage of this service.

EXPECTATIONS FOR ALL STUDENTS

Do not plagiarize. Plagiarism is defined as copying any part of a book or paper without identifying the source. This also includes taking another person’s ideas or AI entity’s ideas or constructs and presenting them as your own. The use of AI generated content in student work is prohibited (even if cited) as it does not represent original work created by the student and is an unreliable aggregate of ideas from other sources. Plagiarism of any kind will not be tolerated. If a student plagiarizes the student will receive a zero (F) for the assignment and he or she will be reported to the dean of students and the chief academic officer.

Use Turabian style for all research papers. All class papers must follow the Turabian style according to *A Manual for Writers of Research Papers, Theses and Dissertations*, 8th edition and the Calvary Style Guide, 2019 edition.

EXPECTATIONS OF ONLINE STUDENTS

Attend class in Microsoft Teams. If you are unable to attend class in Microsoft Teams you must notify the professor before class.

Watch the video lecture in Canvas within one week of the lecture (if not in Microsoft Teams on class day).

Answer and post your questions about the lecture in Questions about the Lecture under Announcements in Canvas.

Be respectful of the professor and all students in the Discussion Forum in Canvas.

Turn all work in on time. Late work will have points deducted (-5 points per day).

EXPECTATIONS OF RESIDENT STUDENTS

Attend class. My class attendance policy: Any student who misses more than one class will experience a grade reduction. Attendance for class will be taken.

Be on time for class. Coming in late interrupts the class and is disruptive. Two tardies equals one absence.

Listen to the lecture and write down your questions. When I call for questions after finishing a section of the lecture you can ask your questions then.

Be courteous and respectful in class to the professor and all students. A lack of respect in class will lead to a grade reduction.

Please eat your evening meal before class or during one of the class breaks. Thank you for not eating during the class lecture/discussion time.

Turn all work in on time. Late work will have points deducted (-5 points per day).
