V. REQUIREMENTS

A. Weekly Assignments

1. Reading & Quizzes

Read the assigned chapters from Linsin according to the reading schedule provided in the Tentative Class Schedule. Reading the text thoroughly will provide a context for class discussion and activities.

To accomplish our learning goals, you will need to be engaged in lots of learning outside of the classroom. You will be expected to read the text and the assigned articles. *While we will be reviewing some of the concepts from the text in class, we will simply not have enough time to cover everything. The more you read now, the better prepared you will be when you enter your future classroom!*

2. **What would you do? Scenarios** Each week students will be given a case study or classroom scenario to evaluate and respond to with solutions derived from the class discussion and textbook material. Scenario solutions should be approximately 300-400 words and submitted on CANVAS.

3. **Discussion Questions** - An article or video with a discussion question will be posted each week through CANVAS. Students are expected to respond with a 250-300 word response posted by midnight on Saturday and respond to the reflections of two of their peers each week by midnight on Tuesday. Response should include additional support, alternative perspectives or questions that will promote meaningful dialogue and discussion.

B. Projects & Papers

1. **Theories of Behavior Management Research Paper** – Students will research the key beliefs of the most influential educational theorists and their models for classroom management and evaluate according to a Biblical worldview. They will then synthesize the information obtained with the class discussions to create a personal philosophy regarding classroom management strategies. Students will articulate the relationship between classroom management, motivation, and behavioral management and analyze appropriate engagement strategies and techniques. Write a 2,000 word paper with 6 citations from academic sources and 6 Biblical references using the APA 7th edition style guide for this paper. Additional details will be provided in CANVAS.

2. **Biblical Foundation for Guiding Behavior**—Select a list of 40 Bible verses that can be connected to classroom behavior. Each verse will be listed by reference and written out with age-appropriate wording based upon your intended certification

- level. A brief 1-2 sentence summary with appropriate application for students will be included. A template for this assignment will be available on CANVAS.
3. **Classroom Observation** – Each student will arrange to spend at least 90 minutes in classroom observation at a local school within their intended major. They will be specifically looking for evidence that supports the principles and techniques discussed in class and then will summarize their observations in a report to share with the class the following week. The reflection summary should be a 600-700 word response. Additional details will be provided in CANVAS.
 4. **Book Review** – Read a book on classroom management techniques and present the key ideas via Power Point in class. A recommended list of books is on CANVAS.
 5. **Final Exam** - Your knowledge and understanding of classroom management will be assessed through responses to a written exam covering the theories, models, and strategies discussed throughout the course.

B. The Bible as Required Textbook

The Bible is a required textbook in every course at Calvary University. To facilitate academic level study, students are required to use for assignments and research an English translation or version of the Bible based on formal equivalence (meaning that the translation is generally word-for-word from the original languages), including any of the following: New American Standard (NASB, English Standard Version (ESV), New King James (NKJV), or King James (KJV). Other translations and versions based on dynamic equivalence (paraphrases, and thought-for-thought translations like NLT and NIV) may be used as supplemental sources. Please ask the professor if you have questions about a particular translation or version.

C. Academic Honesty

Plagiarism is defined as copying any content without identifying the source. This also includes taking another person’s or AI entity’s ideas or constructs and presenting them as your own. The use of AI generated content in student work is prohibited (even if cited) as it does not represent original work created by the student and is an unreliable aggregate of ideas from other sources. Plagiarism of any kind will not be tolerated.

D. Attendance

Students must engage in the weekly in-class session(s).

Students who are enrolled as in-person students are expected to be punctual and present in-person for each class session.

Students who are enrolled as online students will demonstrate their engagement by submitting a thorough video reflection form and any additional participation activities BEFORE THE NEXT CLASS SESSION.

E. Class Participation

Students are expected to attend class and participate in discussing the daily material. Learning takes place best when the student is personally involved in the process. Cell phones should be set to silent and placed on the table or in a backpack/purse.

Working on other assignments during class or using electronic devices for anything other than class activities or taking notes for the course will not be permitted.

F. Accommodations Statement

Students with disabilities have the responsibility of informing the Accommodations Support Coordinator (aso@calvary.edu) of any disabling condition that may require support.

G. Style Guide

All class papers must follow the APA style according to the *Publication Manual of the American Psychological Association, 7th edition*.
