

## Calvary University Licensure Pass Rate Information

### Education Licensure Pass Rates:

All Undergraduate Education majors take a state mandated exit exam in their content area prior to Student Teaching. In previous years, the Missouri Department of Elementary and Secondary Education required Education majors to take the Missouri Content Assessment in their content area. However, on June 23, 2024, the Missouri Department of Elementary and Secondary Education switched from the Missouri Content Assessment to the Praxis exam.

The Missouri Department of Elementary and Secondary Education determines passing scores for the state mandated exit exams. Prior to June 23, 2024, Undergraduate Education majors had to receive a passing score on the Missouri Content Assessment in their content area in order to be eligible for state certification in their content area. Now, Undergraduate Education majors must receive a passing score on the Praxis exam in their content area in order to be eligible for state certification in their content area.

<b>Table 1</b>			
<b>Calvary Education Certification Exam Pass Rates</b>
