Support Calvary Students This Summer

Help Us Bridge the Gap

Calvary University is experiencing a **summer funding shortfall of \$850,000**. Your partnership can make a significant difference in helping us finish the fiscal year strong.

Why It Matters

- Your giving helps keep tuition affordable and **Christ-centered education** accessible
- **70% of Calvary students** graduated **debt-free** in 2025
- This year, **53 students** graduated from Calvary, trained to serve Christ in the church and the world

How Your Church Can Help

We're asking churches to designate a **special offering** to support Calvary's mission. Every gift helps us continue preparing students to live and serve according to a biblical worldview.
