V. MATERIALS

A. Bible

The Bible is a required textbook in every course at Calvary University. To facilitate academic level study, students are required to use for assignments and research an English translation or version of the Bible based on formal equivalence (*meaning that the translation is generally word-for-word from the original languages*), including any of the following: New American Standard (NASB), English Standard Version (ESV), New King James (NKJV), or King James (KJV). Other translations and versions based on dynamic equivalence (*paraphrases, and thought-for-thought translations like NLT and NIV*) may be used as supplemental sources. Please ask the professor if you have questions about a particular translation or version.

B. Required Textbooks

Cramer D. & Howitt, D. 2016. *Research Methods in Psychology*. Fourth Edition. Trans-Atlantic Publications. ISBN-13: 978-0273775058. Retail price: \$25.11. Kindle edition not available.

Note: It is your responsibility as a student at Calvary University to have your textbooks *before* class begins so that you can complete all the readings assigned. Please make sure that you have all your assigned textbooks prior to the start of class. Failure to have your assigned textbooks at the start of the class will result in receiving a zero for every assignment that must be completed.

C. Selected journal articles, which will be distributed on Canvas.

VI. CLASS POLICIES

Attendance

Campus/Livestream Students: Students are expected to attend all scheduled meetings of courses for which they are registered (as this also counts for class participation). If a student begins a course and is unable to attend a class, he/she will not receive the points allotted for this course. There are eight (8) class sessions, which correspond to the eight-week cycle. **Each class participation session is worth 25 points.**

Online Students: The online student is to watch the recording and answer the questions provided by his/her professor (as these counts for class participation). They are to be completed and uploaded on Canvas before the next class session. If a student fails to complete this assignment within the due date, he/she will not receive the points allotted for this course. There are eight (8) class sessions, which correspond to the eight-week cycle. **Each class participation session is worth 25 points.**

Academic Dishonesty

Plagiarism is defined as copying any content without identifying the source. This also includes taking another person's or AI entity's ideas or constructs and presenting them as your own. The use of AI generated content in student work is prohibited (even if cited) as it does not represent original work created by the student and is an unreliable aggregate of ideas from other sources. Plagiarism of any kind will not be tolerated.

A Secondary Statement Regarding Using AI For All Reports/Projects

Artificial intelligence (AI) in academic use could be beneficial for you as the student. However, when misused it may limit your ability to think critically. As the professor *I cannot catch nor stop you in the act of using AI for your papers and research.* However, it is my expectation that you as the student will do your best by your ability and skill as a human being in the subject(s) that you desire to study. Below is the percentage threshold concerning the effort you put in your paper and the presence of AI within your paper.

0-10 percent of AI*	No points deducted from your paper/project.
11-20 percent of AI*	A third of your overall points are deducted from your paper/project.
21-30 percent of AI*	75% of your overall points will be deducted from your paper/project.
30+ Percent of AI	You will receive no points for the paper/project.

***Keep in mind this deduction is *added* to the points that you would lose due to other things (Improper writing style, grammar, etc.).**

Writing Style

All class papers must follow the APA style according to the *Publication Manual of the American Psychological Association, 7th edition*. You can find APA resources under the ***Getting Started Checklist*** located in the *Introduction to Biblical Counseling* Course on Canvas.

Late Work

Papers, projects, etc. are due the day before the class period meets. Unless under extreme circumstances, which will be determined at the discretion of the instructor, **no late work will be accepted.**

Disabilities Statement

Students with disabilities have the responsibility of informing the Accommodations Support Coordinator (aso@calvary.edu) of any disabling condition that may require support.

Learning Center

The Clark Academic Center located in the library building, is dedicated to providing free academic assistance for all students. Student tutors aid with all facets of the writing process, tutor in various subject areas, prepare students for exams and facilitate tests. Please take advantage of this service.
